***MASTERPIECE INTERIORS PROVIDES DESIGN WORK
FOR FOUR 2008 PARADE OF HOMES WINNERS***

WINTER PARK, FL – *Masterpiece Interiors*, a multi-dimensioned design firm with projects throughout the state, played a prominent role in this year’s Metro Orlando HBA and Lake County parade of homes events by providing the interior design work for four parade winners, including a \$1.4 million lakefront estate in Windermere.

The Winter Park-based company, which has chalked up nearly two dozen design awards of its own during its 10 years of operation, contributed to three First Place Award winners and a Merit Award winner during the two spring home showcases.

It was by far one of the busiest and most successful showing to date for Masterpiece Interiors, a company that specializes in model merchandising for Production and Custom homebuilders and has provided award-winning professional services for some of the building industry’s biggest names over the years, says Chief Operating Officer ***Christy Scanlon***.

Scanlon says that this year’s parade efforts are even more satisfying because they demonstrated Masterpiece Interiors’ “broad creative versatility by transcending the entire price spectrum of the production and custom housing market.”

The Parade of Homes winners included:

- ***First Place/Attached Townhome (Lake County Parade of Homes)*** – The Beckett by ***Ryland Homes*** at Waterside Pointe, Clermont;
- ***First Place/Production (\$468,000-\$518,000)*** – The Santa Barbara Grande by ***Engle Homes*** at Cypress Lakes, Orlando;
- ***First Place/Custom (\$1.4 million-\$1.6 million)*** – The Florence by ***Royal Custom Homes*** at Lake Burden at the Lakes of Windermere;
- ***Merit Award/Production (\$199,000-\$249,000)*** – The Catarina by ***Standard Pacific Homes*** at Eagle Lake, Kissimmee.

Scanlon says the awards underscore the strength of the company’s Model Division which is committed to creating interior environments that are both aesthetically appealing and effective sales tools in reaching their clients’ target markets.

The two recent parades continues what has been a busy year to date for Masterpiece Interiors which has either completed or started key model merchandising projects for a number of builders, including ***Engle Homes, Neal Communities, Lennar Homes, Park Square Homes, Ryland Homes, Imperial Homes, Mobley Homes*** and ***Royal Custom Homes***.

Over the past several years, the company has been on an aggressive expansion tear and now is doing business in Tampa, Sarasota-Bradenton, Jacksonville, Fort Myers and South Florida.
